## Professional Summary

Senior Software Engineer with over 7 years of experience, specializing in TypeScript-based architectures and large-scale system modernization. Strong track record transforming critical COBOL/Db2 platforms into cloud-native, API-first solutions. Proven history of delivering high-performance SaaS products, optimizing costs, scalability, and developer experience.

## Technical Skills

- **Languages:** TypeScript, JavaScript, SQL, COBOL
- **Frameworks:** React, Next.js, Node.js
- **Cloud & DevOps:** CI/CD, Cloud Architecture, API Design
- **Databases:** MongoDB, PostgreSQL, Db2
- **Tools:** Git, Stripe, Web Audio API

## Professional Experience

**Independent Contractor**                                           **Remote**
*Senior Full Stack Engineer*                                      *2024–Present*

○ Designed and developed SaaS platforms for international clients, improving feature delivery speed by 40%.

○ Architected scalable systems in React and Node.js, with optimized rendering pipelines and an API-first approach.

○ Implemented secure payment flows using Stripe and modern authentication strategies.

**Soul Solutions**                                               **Buenos Aires**
*Senior Full Stack Developer*                                         *2020–2024*

○ Led the modernization of legacy COBOL/Db2 systems into real-time web platforms via REST APIs.

○ Reduced production incidents by 30% through code reviews, testing strategies, and CI/CD adoption.

○ Developed internal dashboards for real-time visibility of enterprise data flows.

**GV Comunicaciones**                                            **Buenos Aires**
*Operations Analyst and Technician*                                   *2018–2020*

○ Managed high-availability LAN and WAN infrastructure, improving incident response times by 25%.

○ Applied Scrum methodologies to optimize operational processes.

## Education

**Universidad Nacional de Quilmes**                          **Bernal, Argentina**
*Bachelor of Computer Science*                                          *Ongoing*
